Forward-looking statements

Reference in this presentation, and hereafter, to the "Company" or to "SNC-Lavalin" means, as the context may require, SNC-Lavalin Group Inc. and all or some of its subsidiaries or joint arrangements, or SNC-Lavalin Group Inc. or one or more of its subsidiaries or joint arrangements.

Statements made in this presentation that describe the Company's or management's budgets, estimates, expectations, forecasts, objectives, predictions, projections of the future or strategies may be "forward-looking statements", which can be identified by the use of the conditional or forward-looking terminology such as "aims", "anticipates", "assumes", "believes", "cost savings", "estimates", "expects", "goal", "intends", "may", "plans", "projects", "should", "will", "synergy", or the negative thereof or other variations thereon. Forward-looking statements also include any other statements that do not refer to historical facts. Forward-looking statements also include statements relating to the following: (i) future capital expenditures, revenues, expenses, earnings, economic performance, indebtedness, financial condition, losses and future prospects; and (ii) business and management strategies and the expansion and growth of the Company's operations and potential synergies resulting from the Acquisition. All such forward-looking statements are made pursuant to the "safe-harbour" provisions of applicable Canadian securities laws. The Company cautions that, by their nature, forward-looking statements involve risks and uncertainties, and that its actual actions and/or results could differ materially from those expressed or implied in such forward-looking statements, or could affect the extent to which a particular projection materializes. Forward-looking statements are presented for the purpose of assisting investors and others in understanding certain key elements of the Company's current objectives, strategic priorities, expectations and plans, and in obtaining a better understanding of the Company's business and anticipated operating environment. Readers are cautioned that such information may not be appropriate for other purposes.

Forward-looking statements made in this presentation are based on a number of assumptions believed by the Company to be reasonable on November 6, 2014. The assumptions are set out throughout the Company's 2013 Management's Discussion and Analysis ("MD&A") (particularly, in the sections entitled "Critical Accounting Judgments and Key Sources of Estimation Uncertainty" and "How We Analyze and Report our Results" in the Company's 2013 MD&A), as updated in the Company's Third Quarter of 2014 MD&A. If these assumptions are inaccurate, the Company's actual results could differ materially from those expressed or implied in such forward-looking statements. In addition, important risk factors could cause the Company's assumptions and estimates to be inaccurate and actual results or events to differ materially from those expressed in or implied by these forward-looking statements. These risk factors are set out in the Company's 2013 MD&A and updated in the Company's Third Quarter of 2014 MD&A.

The 2014 outlook referred to in this presentation is forward-looking information and is based on the methodology described in the Company's 2013 MD&A under the heading "How We Budget and Forecast Our Results" and is subject to the risks and uncertainties described in the Company's public disclosure documents. The purpose of the 2014 outlook is to provide the reader with an indication of management's expectations, at the date of this presentation, regarding the Company's future financial performance and readers are cautioned that this information may not be appropriate for other purposes.

Upon closing of the sale of AltaLink, a mandatory prepayment will be made on the outstanding balance of the Acquisition Facility. Assuming the transaction closes in the fourth quarter of 2014, the Company expects that an estimated \$2.9 billion, representing proceeds from the sale of AltaLink, net of related income taxes payable and transaction costs, will be used for i) repayment of the \$2.6 billion outstanding balance of the Acquisition Facility; and ii) repayment of the \$350 million non-recourse debt related to the financing of the Company's equity contributions in AHLP.

Cash Flow - Year-to-Date

Outlook 2014

- ✓ 2014 EPS guidance revised to a range of \$0.40 to \$0.55
 - > New EPS guidance includes:
 - Kentz (contribution, acquisition-related costs, integration costs and financing costs)
 - > Restructuring and right-sizing actions charges and non-cash charges
 - > Based on the assumptions that:
 - Mining & Metallurgy sub-segment will continue to be affected by the softening of the commodity markets;
 - Infrastructure & Construction, pre-Kentz Oil & Gas and Environment & Water subsegments will continue to be challenging;
 - Increased contributions from the ICI segment and the O&M sub-segment; and
 - SG&A expenses will continue to decrease mainly as a result of new initiatives and ongoing activities associated with SNC-Lavalin's company-wide profit improvement program.
 - > This outlook does not take into account the eventual gain on the sale of the Company's interest in AltaLink.

WE CARE embodies SNC-Lavalin's key corporate values and beliefs. It is the cornerstone of everything we do as a company. Health and safety, employees, the environment, communities and quality: these values all influence the decisions we make every day. And importantly, they guide us in how we serve our clients and therefore affect how we are perceived by our external partners. WE CARE is integral to the way we perform on a daily basis. It is both a responsibility and a source of satisfaction and pride by providing such important standards to all we do.

WE CARE about the health and safety of our employees, of those who work under our care, and of the people our projects serve.

WE CARE about our employees, their personal growth, career development and general well-being.

WE CARE about the communities where we live and work and their sustainable development, and we commit to fulfilling our responsibilities as a global citizen.

WE CARE about the environment and about conducting our business in an environmentally responsible manner.

WE CARE about the quality of our work.

WE CARE about being world-class in matters of governance and ethics & compliance for our shareholders, clients and employees.
